## QUICK START GUIDE

Getting started in whistleblowing is quick and easy. This quick guide will set you up quickly. Read through the basic program and then click on the link below the instructions. It will take you to the home page so that you can get started.

Whistleblower Psionic Community is made up of seven (7) Programs. The first Program is the **Citizen and Enterprise Programs**. It has the purpose of teaching the individual (citizen, or enterprise staff) the basics of Whistleblowing as it relates to their market segment.

The second Program is the **Knowledge Base**. It is called **THE LAW: Know What Your Rights and Responsibilities**, and it is composed of six sections that encompass the majority of types of law the

average person will encounter. The sections are in order: Workplace Legislation, Human Rights, Administrative Law, Family Law, Business Law, and Common Law. The purpose of each of these sections is to teach you as individuals the basics of this particular type of law which includes an introduction, key points of the law, statutory framework and current challenges. Keep in mind that the majority of this information is based upon Australian Law, and is geared for Australian men and women.

The third Program Section is **MYSTERY CONSUMERS** (Auditors): What They Are and What They Do. Mystery Consumers is an upcoming program where we hire Consumers to visit businesses and audit their day-to-day business functions, draft a report, and submit it to the Agency, and the Business Owners (Managers) audited. It should be a very important function of Whistleblower Psionic Community functions. There is also a couple articles on the functions of a Whistleblower Agency, A Whistleblower Agent, and other important Whistleblower Psionic Community roles that will eventually expand. Let us know if you are interested in participating in any of these programs.
